SUBMITTED RESOLUTIONS

SENATE RESOLUTION 603—DESIGNATING THE WEEK OF NOVEMBER 26 THROUGH NOVEMBER 30, 2012, AS NATIONAL NURSE-MANAGED HEALTH CLINIC WEEK

Mr. INOUE (for himself and Mr. ALEXANDER) submitted the following resolution; which was considered and agreed to:

S. RES. 603

Whereas nurse-managed health clinics are nonprofit community-based health care sites that offer primary care and wellness services based on the nursing model;

Whereas the nursing model emphasizes the protection, promotion, and optimization of health, the prevention of illness, the alleviation of suffering, and the diagnosis and treatment of illness;

Whereas nurse-managed health clinics are led by advanced practice nurses and staffed by an interdisciplinary team of highly qualified health care professionals;

Whereas nurse-managed health clinics offer a broad scope of services, including treatment for acute and chronic illnesses, routine physical exams, immunizations for adults and children, disease screenings, health education, prenatal care, dental care, and drug and alcohol treatment;

Whereas, as of June 2011, more than 200 nurse-managed health clinics provided care across the United States and recorded more than 2,000,000 client encounters annually;

Whereas nurse-managed health clinics serve a unique dual role as both health care safety net access points and health workforce development sites, given that the majority of nurse-managed health clinics are affiliated with schools of nursing and serve

as clinical education sites for students entering the health profession;

Whereas nurse-managed health clinics strengthen the health care safety net by expanding access to primary care and chronic disease management services for vulnerable and medically underserved populations in diverse rural, urban, and suburban communities;

Whereas research has shown that nurse-managed health clinics experience high patient retention and patient satisfaction rates, and nurse-managed health clinic patients experience higher rates of generic medication fills and lower hospitalization rates when compared to similar safety net providers;

Whereas the 2011 report of the Institute of Medicine on the future of nursing highlights the work nurse-managed health clinics are doing to reduce health disparities by bringing evidence-based care to individuals who may not otherwise receive needed services; and

Whereas nurse-managed health clinics offering both primary care and wellness services provide quality care in a cost-effective manner: Now, therefore, be it

Resolved, That the Senate—

(1) designates the week of November 26 through November 30, 2012, as “National Nurse-Managed Health Clinic Week”;

(2) supports the ideals and goals of National Nurse-Managed Health Clinic Week; and

(3) encourages the expansion of nurse-managed health clinics so that nurse-managed health clinics may continue to serve as health care workforce development sites for the next generation of primary care providers.
